

IT'S TIME FOR YOUR **HOME ENERGY** ASSESSMENT

A home energy assessment can improve your home's performance and that can help lower energy bills.

Visit: www.vectren.com/saveenergy

Call: 1.866.749.7206

A professional energy advisor will visit your home and guide you step-by-step through the process to produce long-term, cost-effective savings.

The advisor will:

- Assess the heating, ventilation and air conditioning (HVAC) system to determine if it is operating efficiently
- Inspect the air duct sealing, insulation levels, and more to evaluate your energy consumption and heating and cooling efficiency
- Provide a comprehensive report detailing what can be done to save more energy and make your home more comfortable

This program is provided by Vectren at no additional cost to participate.

Where possible, your energy advisor will install the following items to kick-start your energy savings:

- Compact Fluorescent Light Bulbs (CFLs)
- Energy Efficient Showerhead(s)
- Bathroom Sink Aerator(s)
- Kitchen Sink Aerator
- Water Heater Pipe Insulation
- Furnace Filter Whistle
