

Indiana residential natural gas service application

Please complete this application if you are applying for new CenterPoint Energy Indiana residential natural gas service. In order to process your request, please complete all required fields (*) and mail a copy of your completed application and any necessary documentation to: **CenterPoint Energy, ATTN: New Service Center, P.O. Box 209, Evansville, IN 47702-0209.** You may also submit your documents via fax at **888-287-2770** or e-mail at **NewService@CenterPointEnergy.com**.

If you are constructing a new building, please include a site plan, if available, with your completed application.

Need help?

For assistance, call **800-990-1930** to speak with a CenterPoint Energy representative.

Important!

If converting an existing structure, please contact a CenterPoint Energy representative to **ensure natural gas service can be extended to your location.**

Before submitting your application, review the important information found on the last page. Please consult your **professional plumbing contractor** to ensure the information you include on this application is accurate and all required information (*) has been provided.

APPLICANT

1. Applicant

Please note: Service will be placed in the applicant's name. Service may be transferred to a new party after active service has been established.

Applicant name*		Point of contact name*	
Are you the property owner?*		Contact daytime phone*	Contact e-mail address
<i>If 'No', please have the property owner call to grant authorization.</i>		()	
Yes No			
Billing address*	Billing city*	Billing state*	Billing zip code*

NATURAL GAS SERVICE

1. Plumbing/HVAC contractor information

Contact name	Contact phone
	()

2. Natural gas meter location

Mark preferred CenterPoint Energy natural gas meter location*	
In the diagram at right, please mark one of the four boxes to specify the preferred location for your new CenterPoint Energy natural gas meter, and specify below the distance (in feet) to the nearest corner of the building.	
Distance of gas meter from nearest corner of building: _____ ft.	
Distance: Middle of street to requested gas meter location*	Additional comments about gas meter location
_____ ft.	

3. Natural gas pressure

Elevated pressure above CenterPoint Energy Standard Gas Delivery Pressure ("CenterPoint Energy Standard Pressure") will need to be approved. Most home appliances use CenterPoint Energy Standard Pressure. Please consult your plumber and/or appliance dealer to confirm pressure required to operate appliances. CenterPoint Energy Standard Pressure is 7" W.C. in Daviess, Dubois, Gibson, Knox, Pike, Posey, Spencer, Vanderburgh and Warrick counties. CenterPoint Energy Standard Pressure is 6" W.C. in all other Indiana counties.

Gas pressure* (select one)		
CenterPoint Energy Standard Pressure	2 psig (Pounds per square inch gauge)	Other _____

4. Natural gas appliances

Please select the quantity of each appliance in the adjoining columns.

Gas appliance type*	1	2	3
Gas furnace (If adding gas furnace(s), complete "Gas Furnace type" field at bottom of page)			
Gas space heater			
Gas water heater (storage)			
Gas water heater (tankless)			
Gas range

Gas generator			
Other (Type):	Quantity:		
Other (Type):	Quantity:		
Other (Type):	Quantity:		

Gas furnace type (only complete if adding one or more natural gas furnaces)			
If adding one or more natural gas furnaces, please specify the quantity of each natural gas furnace type in the spaces provided below.			
_____ Dual fuel furnace	_____ Gas furnace (electric ignition)	_____ High efficiency gas furnace	_____ Standard gas furnace
_____ Gas furnace (in attic)	_____ Gas furnace (in crawlspace)	_____ Gas furnace (on roof)	

IMPORTANT INFORMATION

Please review the following information before submitting your application:

Formal design requirements

If formal design is required, the lead time for installing gas facilities may be longer. Formal design is required if one or more of the following conditions are met:

- Total connected load over 900 CFH (cubic feet per hour) at standard delivery pressure (1 CFH = 1,000 BTUs)
- Total connected load over 1,390 CFH at 2 psig delivery pressure
- Multi metered exceeds 550 CFH
- Easement/permits required
- Any service off a high pressure line (farm taps)
- Natural gas main extension required
- Length of service over 1,000 feet

If a formal design is required:

Our engineering department may contact you to discuss and/or schedule a site visit meeting to discuss the location of the meter(s), the service line route, the load sheet and easements. If an easement is required, you are responsible for providing the deed to the engineer that scheduled your site visit.

Installation site-ready checklist

The date that your site is ready determines when construction can start. The site is ready when the following criteria have been met:

- Site must be within 6" final grade
- Basement/foundation in and backfilled
- Clear 8' wide path
- Gas service install-meter location(s) meets code and is marked or stubbed
- Clearly mark/stake the location of all private underground utilities located on your property

Construction schedule estimated processing time is 4-6 weeks pending weather conditions, road restrictions, permitting requirements, property site ready and required permits have been obtained

Meter sets and inspections

CenterPoint Energy may not install and/or connect meter(s) at time of service installation. Before we can connect you to CenterPoint Energy's natural gas and/or electric system, a house line inspection from your city or county may be required.

A credit check and deposit may also be required before meter(s) are connected.

If you are in an area that requires an inspection (see list below), you are responsible for contacting the county or city to set up the inspection. The inspector will contact CenterPoint Energy when the inspection is complete. If your area does not require a county inspection, contact CenterPoint Energy at 800-990-1930 to have a meter(s) installed once your plumber and/or electrician have completed their work. The following Indiana counties require an inspection:

- Posey County
- Spencer County
- Vanderburgh County
- Warrick County

If your requested service installation date or site ready date changes, please contact CenterPoint Energy at 800-990-1930.

Facilities

By submitting this form, you are indicating that you have read and agree to comply with the following statement:

Prior to service installation and/or performance of improvement request by CenterPoint Energy, **you, as the property owner, are responsible for locating and marking all existing private buried facilities including sprinkler systems and septic facilities ("Facilities") at the Service Address provided above.** By submitting this application, You agree to indemnify, defend, hold harmless and release CenterPoint Energy and its respective shareholders, directors, officers, administrators, managers, employees, servants, agents successors and assigns from or against any injuries, including death, damages, fines, claims, lawsuits, penalties or expenses, including reasonable attorneys' fees, arising from your failure to locate and mark all of your facilities at the service address provided above. This indemnification obligation shall not apply to the extent liability is caused by the negligence or wrongdoing of CenterPoint Energy. Please note that CenterPoint Energy is responsible for having utility facilities located at your address prior to our installation of gas and electric facilities.

Checking order status

To check the status of your request you may contact us via email at NewService@CenterPointEnergy.com or by phone at 800-990-1930.

Programs and services are operated under the brand CenterPoint Energy by Indiana Gas Company, Inc. d/b/a CenterPoint Energy Indiana North and Southern Indiana Gas and Electric Company d/b/a CenterPoint Energy Indiana South in their respective service territories.
